SMS Messaging Terms of Service

1. Point and Click Solutions [PNC] uses text messaging for users and systems to communicate with clients and patients. PNC supports individual user authored messages, pre-authored "canned" messages manually sent by the user, and automatically sent system reminders.
2. Message frequency may vary.
3. PNC will provide a SMS Messaging opt out capability for clients and patients.
4. PNC and MessageMedia are not liable for delayed or undelivered messages.
